

Crowcon T4 Multigas Detector

Typical configurations

	T4-ZOZL	T4-HOZL	T4-ZOCL	T4-ZOCL-H2	T4-HOCL	T4-HOCL-H2
O ₂	✓	✓	✓	✓	✓	✓
Flammable	✓	✓	✓	✓	✓	✓
H ₂ S		✓			✓	✓
CO			✓		✓	
H ₂ filtered CO				✓		✓

Main applications

Walk about personal multigas protection

Oil & gas
Water & waste water
Utilities
Steel
Power generation
Chemical

Qualifying questions

Do you or your workforce operate in environments where 2 or more of the following gas hazards are present?

CO, H₂S, flammable gases, oxygen depletion risk

Would you like a personal gas monitor that provides effective warning against these hazards in a lightweight yet extremely durable unit?

T4-EXT-F

T4-CRD

T4-TWC

T4-VHL

CH0103

IT-T4-11Z-ZB-X

T4-CAL-CAP

Summary message

Confidence, however you look at it

T4 integrates innovative safety features and an intuitive, rugged design to provide advanced protection for working in harsh environments in a unit which is exceptionally easy to use and service.

TWA Resume function* ensures LTEL/STEL exposure information is retained, reducing risk of overexposure to toxic gases.

+ve Safety indicator Constant visual assurance of T4 compliance to user and safety supervisors.

24 hour battery life Work multiple or longer shifts.

ATEX Zone 0 Intrinsically safe for operation, use T4 in the widest range of environments.

4 m drop test certification for dependable operation under the most demanding use.

Intuitive single button for easy operation wearing gloves with minimal training.

95dB alarm and visual/vibrate alerts provide effective warning to gas hazards.

Dedicated sensor for each gas using trusted series 4 sensors ensure highest level of detection confidence.

I-Test makes quick work of bump testing and calibration with minimal training.

Benefits

Confidence	TWA Resume* function ensures LTEL/STEL toxic exposure is retained during operator breaks, reducing risk of overexposure.
Convenience	Long battery life and a comprehensive range of accessories make T4 your one stop solution for multigas detection.
Cost	T4 offers more useful features than most multigas detectors at this price point.
